**Are the ROHR2 icons too small?**

On graphics systems with 4K resolution, the icons in the menu bars may appear small and difficult to read.

To increase the size of the icons, follow these steps:

1. **Right-click** on the **ROHR2 icon** on the desktop

2. Select "Properties

3. In the **Properties** window, select the **"Compatibility"** tab and click on **"Change high DPI settings"**.

4. Under **High DPI scaling override**, check **"Override high DPI scaling behavior"**, then select **"System (Enhanced)"** from the dropdown menu.

5. Press "OK" and then "Apply".

6. **Start ROHR2** and verify that the icon size is acceptable. If not, try the other options under **"High DPI scaling override"** to find the best setting for your system.
